We had a memorable trip to Moalboal, Cebu, and Oslob for the 3 days recently where we had the pleasure of booking with Cebu Cheapest Car Rental. Our driver, Dexter, made our experience truly outstanding and went the extra mile. We liked his punctuality and patience as he picked us up promptly at 3:00 A.M. for our journey to Oslob and remained patient as we waited for our whale shark encounter in Oslob, which didn't happen until almost 10:00 A.M. He even offered additional stops and his friendly demeanor kept us at ease throughout. After swimming with the whale sharks, we headed to Sumilon Island where Dexter suggested the stop and we enjoyed a brief but beautiful stay there.

The next day, we initially planned to do canyoneering at Kawasan Falls but my husband was eager to try fishing instead. Dexter graciously adjusted a planned route, taking us to a fishing spot and willingly tried fishing with my husband. Dexter's willingness to accommodate our preferences and his flexibility made our trip even more enjoyable and remarkable.

Dexter was not just a driver we hired from Cebu Cheapest Car Rental but his exceptional service extended beyond driving. Dexter made sure of each and everyone's safety while he was with us, dropped off our friend and her daughters in Moalboal, ensuring their convenience and safety. Dexter's kindness and attentiveness left a lasting impression on us that we want to appreciate him and give him a huge shout out for his commendable services and care.

If you are planning a trip to Cebu and need reliable and trustworthy transportation, I highly recommend Cebu Cheapest Car Rental and especially Dexter for the amazing trip experience. His exceptional service truly made our journey memorable. On our recommendation, ask for Dexter, you won't be disappointed!
